BMW MAINTENANCE PROGRAM

UP TO 4 YEARS/50,000 MILES

One of the most comprehensive maintenance programs in its class, the BMW Maintenance Program covers all factory-recommended maintenance services during the New Vehicle/SAV Limited Warranty Period. It also covers specific items that require replacement due to normal wear and tear, such as brake pads, brake discs, clutch disc, and wiper blade inserts.

While other car owners will incur from several hundred to over one thousand dollars of maintenance costs during the first four years they own their vehicles, you pay nothing for the first 4 years/50,000 miles, whichever occurs first.

BMW MAINTENANCE PROGRAM UPGRADE

UP TO 6 YEARS/100,000 MILES

You may have the option to purchase an upgrade, extending your maintenance coverage an additional 2 years/50,000 miles for a total of 6 years/100,000 miles. And as long as you haven't exceeded either 5 years or 60,000 miles, you can still sign up.⁴

The Maintenance Program Upgrade option also extends the standard 4 years/unlimited mileage BMW Roadside Assistance Program benefit period by an additional 2 years/unlimited mileage, for a total of 6 years/unlimited mileage.

All covered Maintenance Program services are performed at authorized BMW centers, by BMW-trained technicians, using only Original BMW Parts – ensuring your BMW remains The Ultimate Driving Machine.[®]
